

OFFICIAL NEWSLETTER OF THE SOUTH DAKOTA SOCIETY OF RADIOLOGIC TECHNOLOGISTS (SDSRT)

Are you looking for volunteer work?

The ASRT recently published on their news page that they are currently looking for volunteers on many committees. Those include:

- Medical Dosimetrist Certification Board
- Intersocietal Accreditation Commission-MRI
- Committee on RT Advocacy
- Committee on Fellows

Visit this link to begin your adventure in volunteering for our national society and giving back to our wonderful profession.

A letter from your President

As we enter this holiday season, many of us will contemplate our individual successes and our failures over the past year. While I won't list what I have considered as personal failures, I do want to share my pride in the work that the SDSRT Board of Directors continues to do for the technologists in the state of South Dakota. I am truly inspired by the level of commitment, professionalism, and advocacy displayed by our board members. I am even more encouraged by our life members and past board members who continually display the passion and love for our organization locally and nationally and the desire to make it even better.

To this end, I challenge each one of you share in that passion. You have chosen a career that requires dedication to patients and families as a medical care giver. Being an imaging professional is not just a "job", it is a way of life and as such should be met with advocacy and promotion of healthcare advancement.

I am also challenging each one of our members to encourage another colleague to become a member of the SDSRT in 2019! Make a copy of the membership form we have mailed out and bring it to work! If you are a graduating student, take advantage of the bridge membership and convince a classmate to do so as well. It is only with continued commitment and true dedication from our members that the SDSRT can make our voices heard as imaging professionals.

May your holiday's and new year be blessed! I look forward to working for and with all of you!

Matthew E Berry BS, RT(R)(CT)(BD)
SDSRT President

Happy Holidays

We would like to wish all of you a very Happy Holiday season! We hope that this year has found you happy and healthy and wish you the best in the New Year. Your SDSRT board members have been busy this year working on ways to move the society forward and will continue to do so. As always, if you have any questions or concerns please contact a board member.

Susan, Matt, Bob, Sean, Chad, Jenna, Megan, Rhonda, & Caitlin

Membership Drive

It's that time of year again! Be sure to watch the mail for a letter from our current President, Matt Berry, as well as a SDSRT membership registration form. Make sure you are getting your membership information filled out and sent in. You can physically send us your registration form or you can register online. Visit the sdsrt.org and choose our *Membership* tab for more information or visit the link provided here.

Advertising Now Offered

The SDSRT is now offering advertising options to our website sdsrt.org. Do you have an upcoming conference or a business that you would like to advertise to the radiologic technologists of South Dakota? We are now able to provide just that for you! Advertising boxes may be purchased by contacting any board member for more information. Current prices per month include:

Did you know that the SDSRT gets money back from what you spend on Amazon? This is an easy and effective way to give back to your society all while you get to shop! Just visit the sdsrt.org, click on the *Resources* tab, click on *Shopping* and begin your shopping. The SDSRT gets a monetary amount just from you using this link. You can also use the link provided here:

<http://sdsrt.org/html/shopping.html>

Please feel free to share with your family, friends, and coworkers. We appreciate all of the help received through this service.
