

Happy May Everyone!

I would like to start by saying thank you to Kevin Lawrence and his committee for putting on a wonderful conference in Sioux Falls last month. There were wonderful lectures, lots of work was completed at the business meetings, and there was also plenty of time for fellowship.

Our new website went live May 9th! You can now access the member's only sections by clicking on "Logins", then select "SDSRT member Login", enter your email address, click forgot password, and a password will be sent to you.

Make sure you take some time to look around; there is a lot of information on the site for you to access. There are photos from the 2013 and 2014 Conferences, membership benefits, history of the SDSRT, upcoming events listings, and much more! We are still working on ironing out the little kinks, so if you notice anything that does not work or has an error, please let us know so we can fix it ASAP. As always, if you know of possible member benefits or have information you would like added to the website, please let us know!

We are currently taking nominations for President Elect, Treasurer, Secretary, and ASRT Delegate until September 1st. If you would like information about what being on the board involves, please email any of the current board members.

Congratulations to the students who are completing their coursework this summer. Good luck with your careers, we hope you remain members of the SDSRT and possibly run for office. You are our future and will help keep our society strong!

Until next time, have a great Memorial Day Weekend!

Andrea Kindvall RT(R)(CT)CBBDT

SDSRT Chairman
