

OFFICIAL NEWSLETTER OF THE SOUTH DAKOTA SOCIETY OF RADIOLOGIC TECHNOLOGISTS (SDSRT)

New Newsletter Format

As you can tell, we have revamped our newsletter format. As SDSRT members your opinions matter, so let us know whether or not you like it by leaving a post on our Facebook page or by e-mailing SDSRT Secretary Whitney Bartels at whit_44@hotmail.com.

Suggestions for improvement or content on the newsletters are welcome as well!

What's Happening in South Dakota?

On behalf of the SDSRT and the
SDSRT Legislative Committee:

A big thank you to all who assisted with the request to revise the State Health Department rule, sent emails or letters of support in efforts to advance our profession!!

Registered technologists are now considered
medical professionals and therefore covered under
Meaningful Use requirements!

The effective date for approved rules will be 20 days after
filing with the Sec. of State's Office, so around October 12, 2015.

If you would like to listen to the rules committee testimony you can
access by clicking on the eagle-looking icon under 9/21/2015 at:
<http://legis.sd.gov/Interim/Documents.aspx?Committee=143&MeetingDate=09-21-2015&Session=2015>

Look to about 3:06 in the hearing.
