

SOUTH DAKOTA  
SOCIETY OF  
RADIOLOGIC TECHNOLOGISTS

March 2009,

The South Dakota Society of Radiologic Technologists would like to announce that Joelle Loeftis has been selected as this years' student mentor. Joelle is a student at Sanford Medical Center. She submitted an application to the SDSRT board of directors along with an essay on "Why being an active member in a profession is important".

Joelle will attend the SDSRT annual conference in Rapid City and will mentor the President, Matt Berry, attending all board meetings and general session meetings. In her second year, she will mentor the Chairman of the Board and will attend the SDSRT annual conference and attend the ASRT's governance meeting in Albuquerque.

It is a great experience for her and we are looking forward to having Joelle on board with us.

Karen Otterberg, RT
